Local News

The birth of a daughter to HEATHER WATHEN and WAYNE WHISTANCE was

announced last month and her names are CHLOE HANNAH and mother and daughter are progressing nicely.

Sue Waldron also became a grandmother last month with the arrival of TAMSYN, a daughter for BECKY and SHAUN WALDRON, to whom we send our congratulations. Tamsyn also becomes the first great grandchild for Beryl and Victor Townsend.

Congratulations also go to MARGARET and JOHN PEARL of Much Birch who celebrated their Golden Wedding Anniversary with their family in Essex last month.

Little Birch Church was full on 26th October for a Service to Celebrate the Life of JEAN LOUGHMAN, which was conducted by the Rev. Elaine Goddard. Jean passed away on 13th October at the age of 75 years. She was the third daughter of Gladys and Ernest Rooke and was born at Newtown Cottage, just around the corner at the bottom of the Pendant Pitch. Jean attended Little Birch School and the family later moved to Ordnance Cottage, near 'Crow's Nest', where her youngest sister, Ann, still lives. On leaving school after WW2, Jean went to work at the Littlewoods Store in Hereford, where she worked her way up to eventually becoming the manageress. She met Tim at a party get-together at the Gamecock in Holme Lacy road and they were later married in 1961 in Little Birch Church. In due time, sons, Guy and Mark were born and the family moved to 'Rosemount' in Little Birch road and Guy and Mark attended Much Birch School. Jean loved her Bingo and attended both local sessions and others in Hereford, so that over the years she made many, many friends. In their retirement, Jean and Tim have spent many happy holidays and week ends in the caravan near Weston super Mare right up to the last few months. Her health has not been too good in recent years and she was in hospital for short spells on several occasions. Throughout this time, Tim gave her the utmost care and devotion and Jean always enjoyed seeing her family and especially the grandchildren. The fact that she made so many friends was reflected in the numbers attending her funeral service and the generous donations made in her

memory, which amounted to over £370, which was split between Much Birch Surgery and Little Birch Church. Jean was laid to rest in Little Birch Churchyard. We send our deepest sympathy to Tim, sons, Guy and Mark and their families and to surviving sisters, Evelyn (Jones) and Ann.

Tim, Guy and Mark through the Newsletter, wish to thank everyone for their messages of sympathy, their attendance at the funeral and for the very generous donations.

It is also sad to report the death of DAVID SAYCE of Lower Mill Cottage, Hendre Lane, near Llanwarne at the age of 65 years. David was born at the Marsh, near Pencoyd and attended Llanwarne school. He had an older brother Bill and a sister, Eunice, who later married Sid Hitchings, both of whom sadly predeceased David. David later attended John Kyrle school in Ross and the bus drivers had a job keeping the students in order on their daily travels to and from Ross. David got up to all sorts of mischief and was put off the bus on one occasion but he made sure the bus wasn't going anywhere by puncturing one of the tyres with a large nail and he never owned up to this, letting another boy take the blame. He was always interested in cars and lorries and worked for a number of garages in and around Ross. His first marriage to Margaret sadly only lasted 4 years and he later married Diane (nee Thomas) from Tump Lane. They set up home at Lower Mill Cottage, which was in a very poor state but over the years they refurbished it and made a very comfortable home. Adam and Joanne were born some years later and David was very proud of them. Unfortunately, David badly damaged his back some years ago and this limited the type of work that he was able to do. However, he showed a very dogged determination to carry on as best he could and was always cheerful. He was a regular at the Black Swan where he was never one to 'sit on the fence', whatever the topic under discussion. He was very good with tractor problems and made many friends in the farming world. Although being unwell, he was determined to walk Joanne down the aisle at her wedding and the photograph on the funeral service sheet taken in his 'wedding outfit', is of a typical smiling David.

His funeral service took place on 29th. October at a packed out Hereford Crematorium and was conducted by the Rev. Elaine Goddard. There must have been some 250 friends and family present, such was the esteem in which David was held. Donations were shared between Marie Curie Nurses and MacMillan Cancer Support. David will be sadly missed by so many people and we send our deepest sympathies to Diane, Adam and Joanne and the wider family.

We are also sad to hear of the death of GRACE GRUNDY who lived with her husband, Joe, for many years in Glenthorpe, near the Old School, Little Birch. After Joe's death, she moved to Tump Lane for a while and then was persuaded to move to Ludlow, where she has lived for the past 5 years or so. We send our sincere condolences to her family.

Last month we said farewell to JOHN HAMILTON who has moved from St. Mary's Cottage, Little Birch to Newent and we wish him well in his new home. We also have to say farewell to MARY and KEITH NEWMAN, who are moving to the Bolstone area. Both have been extremely active in the community for so many years at the Chapel and Mary with her District Nursing and Meals on Wheels deliveries and being one of the organisers and Keith with delivering the Newsletter. Fortunately, they will still be actively involved with the Chapel and Mary will continue with Meals on Wheels. We wish them a successful move and to be very happy in their new home.

We shall also miss ARWENN and ANDREW and their family, who have moved from the Old Shop in the King's Thorn road to St. Weonards and wish them well in their new home.

A warm welcome is extended to our new Rector, REV. MARK JOHNSON, and his wife, LYNNE, and to RUTH, LUKE and ESTHER and we trust they will be very happy in their new home at the Rectory. Mark was inducted and installed as Rector of the benefice of the 7 parishes making up the Wormelow Hundred at a service at King's Caple on Monday, 16th.November.

The Castle Inn

A large number of you will have heard of the campaign to save The Castle Inn in Little Birch. By the time you receive this an Open Meeting will have taken place (November 17th) at which people from the council and CAMRA will have spoken in an effort to determine the future of the pub. A report of this meeting will be in the December newsletter but if you would like to be updated about the campaign and any progress it is making you can access a website www.thecastleinnpub.co.uk which will also incorporate facebook and twitter facilities. Any comments will be welcome.

Pipeline

Prior to the laying a new pipeline through Aconbury woods, the company given the contract by Welsh Water, arranged for an archaeological dig to precede the works. This was carried out by Border Archaeology at the end of 07/ beginning of 08 along the track which runs N/S on the east side of Aconbury wood. The report of this dig provides interesting reading. Although very little was found in the way of artefacts, there was much discovered which, together with extensive research of documents, enabled the archaeologists to put together a picture of the history of the track and its immediate surroundings.

It seems that the track was in use with heavy vehicles(horse or oxen-drawn) in the medieval period, if not before and that alternative parallel routes were also used later on. The route marked a boundary between woodland and adjacent land belonging to Aconbury Priory and, later, Guy's Hospital. At various times, coinciding with massive tree clearances, large amounts of silt were washed down to, and probably onto, the track. It is likely that charcoal burning took place nearby as fragments of charcoal were found.

The report obviously contains much more detail and anyone who is interested to find out more should contact any member of Little Birch and King's Thorn History Group (or ring 01981 540791)

Undesirable Planning

Dear Editor,

I feel I must write to urge residents in the King's Thorn community to protest against the development of extremely small plots in the area. Recently, notice has been given of an outline planning application to build a house adjacent to the cottage, known as 'Chalice'. The access and size of the plot is quite ridiculous. A large house is proposed

which is quite out of keeping with the surrounding properties and even with a 'Biodisc' to deal with foul water, there is no room for sufficient spreaders for the outflow of so called 'clean water' or an area to dispose of rainfall run off from the roof without affecting the neighbouring properties.

I therefore urge residents to write to their District Councillor, Mr. Richard Smith and also to the Planning Department of Herefordshire Council to express their concerns and also to complain of the lack of 'follow up' by the Enforcement Officers to make sure that the details of any planning consents that are given are not altered in any way.

Yours sincerely, *John Bryant.*

Responsible Dog Owning

LB Parish Council has had reports of dog fouling within the Parish. The majority of dog owners are responsible and clean up after their pets, but there are a minority who believe that to leave dog mess on a footpath or other public places is acceptable. Please be aware that it is the **responsibility of the dog owner/handler to clean up after the dog** otherwise face a possible fine of up to £1,000. Herefordshire Council's Dog Warden may also be contacted on **01432 261761** to report any rogue dogs in and around the Parish.

To improve visibility during the winter evenings, it may be appropriate for some dogs to wear reflective coats or collars.

Thanks

To the couple who kindly donated £10 towards the cost of producing this Newsletter.

Neighbourhood Watch

Crime Update

There has been another spate of thefts of catalytic converters from unattended vehicles overnight, mostly on garage forecourts across Herefordshire, but there have also been some thefts from private vehicles on driveways. Storage units between Clehonger and Kingstone have been broken into and a box trailer, generator and a quantity of "Apple"

make jogger pushchairs have been stolen. It appears that the price of certain types of scrap is starting to rise again. Please report any suspicious activity you see near to any vehicles and garages.

Overnight on 24th/25th October, two vehicles were broken into that were parked on a private driveway in Bullinghope. A sat nav was taken from one, and a mobile phone, blackberry and some keys were taken from the other. Please do not leave valuables in your car, even if it is parked next to your house!

A wooden wheelbarrow full of plants was taken from a garden in Little Dewchurch in the week leading up to 5th November.

An attempt was made to steal another vehicle in Kivernoll, Much Dewchurch overnight 10th/11th November. A Toyota Landcruiser had the door lock forced open and the steering lock was broken.

Two vehicles to look out for :

A red Toyota Avensis DE**PUK - seen near Harewood End, occupants asking for scrap

A white Ford Transit Y3**SLC - seen in Didley, occupants were asking for scrap

Results

The female who was charged with drink/drive following a collision on the Callow in August, pleaded guilty, was fined £600 with £85 costs and was disqualified for 2 years.

As a result of us circulating details of a burglary in Kingstone on the last briefing, a recipient gave us details of a male who had been overheard bragging about it, and he has been arrested, and more arrests are to follow. Enquiries are continuing.

Also, following several complaints from residents about speeding in Kings Thorn, PC Bundy has carried out some speed enforcement there and 3 persons were issued with 3 point, £60 tickets for excess speed and 5 others were given verbal warnings. He will be back!

Distraction Burglary Vehicles

Please keep an eye out for the following vehicles which have been sighted at various distraction burglaries around the UK and could come to Herefordshire to prey on the vulnerable. If you see one of these vehicles, especially if it contains two or more men outside the home of an elderly or vulnerable

person, please ring the police immediately to report it. To catch these criminals, speed is of the essence.

KY57***, silver Mazda 3, Lancashire distraction on 14th August

CK08***, silver Force Focus, West Midlands distraction on 15th September

Not In My Neighbourhood Week

Monday 2nd November sees the start of the National Home Office campaign, Not In My Neighbourhood Week, designed to raise public awareness of the work being carried out by police forces to combat crime and anti-social behaviour (ASB) at a local level. With Halloween and the firework season upon us, the timing is pertinent.

Gabrielle Wright, Police Strategic Partnerships Manager for Herefordshire Division, said, "This dedicated week of action will provide local agencies from the public, private and voluntary sectors with the chance to publicise their work around tackling crime and ASB."

"In Herefordshire, we can clearly show the significant efforts that are being made to keep our communities safe. In working with all our partners, we are really making the difference," she said.

Throughout the week local policing teams will be out across the county with displays and events, also attended by partners such as the Fire Service, Safer Herefordshire, Trading Standards, VOSA and Amey, to give details of what has been achieved.

Ringmaster / Community Messaging Service

Following last month's article, over 300 households in the county have now signed up to the Community Messaging Service to receive crime information and special alerts from the police for their area. The more who sign up to the free system the better. To sign

up, simply go to www.herefordshire-community-messaging.org.uk.

Phone Scam

We have had many calls from people worried about calls they have received from persons purporting to be from BT.

A call is received, and the person on the other end says they are calling from BT and that there is an outstanding amount on their phone account, which must be paid off immediately, or the line will be cut off. It is usually a small amount quoted as being owed, and the caller asks for details of a credit card so that payment can be made.

When asked for proof that the caller is from BT, the caller will state that they will temporarily disconnect the phone, and then will call back.

The phone is then 'disconnected' and shortly afterwards 're-connected' and the victim may then believe that the call is genuine, and gives the bank details for fear of being permanently disconnected. However, the phone is not really disconnected, the caller has just put the phone on silent, but as the line is still connected, the line cannot be used and the victim believes the line has been disconnected. **Please pass this on, as many people are falling victim of this scam.**

On a Lighter note....

While patrolling a housing estate in a rural area of Lancashire, two officers came across three young lads playing a game of cricket in the street. As England were playing Australia at the time in the Ashes and it seemed quite apt as every kid has a sporting hero, the one PC asked the batter, "Which one is Freddie Flintoff?"

The startled lad paused for a while and then replies "I don't know him, he doesn't live round here, and I think he lives around the corner."
