

Neighbourhood Development Plan.
Questionnaire Update.

We have now finished our collection of questionnaires, and from 412 inhabited properties within the parish we have managed to harvest the following numbers:

Community Questionnaires collected 339.
Business Questionnaires collected 55.
Future Housing Needs Questionnaires collected 85.
Available Land Questionnaire collected 25.

The questionnaires will be shortly passed on to our consultant for analysis.
We would like to thank all those parishioners who completed questionnaires and the volunteers who helped the steering group to deliver and collect such a large number of questionnaires.

Thank you all.
NDP Steering Group.
